

2013 Society for Pediatric Sedation Conference

May 20-21
Omni Galleria Hotel • Houston, TX

New Frontiers: The Future of Pediatric Sedation

SPS Sedation Provider Course®
at The Texas Children's Hospital Simulation Center

May 19, 2013 **SOLD OUT**

NEW! May 22, 2013 – Available!

WWW.PESEDATION.ORG

Scientific Program Information

Target Audience

Procedural sedation increasingly impacts many aspects of pediatric medical care and sedation providers include professionals from a broadening range of disciplines. This educational activity is intended for any health care provider interested in or who provides pediatric procedural sedation including physicians (any subspecialty), dentists, nurses, advanced practice nurses, nurse anesthetists and other health professionals.

Statement of Need

Significant variability exists between the medical care models currently employed in the delivery of pediatric sedation. However, based on responses from prior sedation conferences, themes/questions posed to/on sedation discussion forums, and current published literature, sedation providers continue to desire greater understanding of the elements of optimal sedation delivery systems, how those elements relate to their own individual organizational structures, and how these elements can be incorporated into provider training and practices. These venues have also identified a need for a better understanding of the sedation needs of sub-populations of pediatric patients with unique needs as well as the overall processes involved in the pre-sedation assessment, patient selection, intra-sedation and post-sedation care.

Purpose

Participants will develop an understanding of care delivery models in pediatric sedation, in terms of their organizational structure, business practices, credentialing of providers, patient selection and medical practices. This knowledge will allow sedation providers to evaluate and adjust their practice models and/or individual clinical practices within which they currently function, or are in the process of building. Participants will also obtain a better understanding of practical issues in delivering sedation care, including selection of sedation agents, pre-, intra- and post-sedation care, and sedation education processes, all of which will enhance participants subsequent clinical sedation practices. The additional skills and knowledge participants will gain on both the levels of systems design and of individual practice will result in improved, safer patient care.

Overall Conference Objectives

Upon completion of this course, the participant will know practical steps in conducting safe and effective procedural sedation, including how to perform a pre-sedation risk assessment. They will also be able to (1) discuss opportunities for the standardization of sedation policies and procedures to improve quality; (2) describe sedative agents that provide optimal sedation and options when shortages exist; (3) list current research and publications related to best practice in sedation; (4) recognized long term implication of sedation agents on neurologic functioning; (5) define new roles and career opportunities within pediatric sedation; and (6) state methods available to improve safety through education.

SPS Sedation Provider Course®- Limited to 24 participants – registration will be accepted on a first-come, first-served basis.

Target Audience

The target audience for the SPS Sedation Provider Course® includes health care providers who have clinical experience in the area of pediatric sedation and who desire to enhance their knowledge and clinical competency in the field. This group includes physicians, nurses and advance-practice nurses involved in the field of pediatric sedation.

Statement of Need

This course is designed to meet the needs of the sedation provider seeking both practical (simulation) training and didactic content focused on patient selection, patient safety, pharmacology and the management of common adverse events. As significant adverse events are rare, this “hands-on” model of training is especially pertinent.

Purpose

Participants will gain clinical skills and a deeper understanding regarding issues related to the assessment of sedation patients, development of a sedation plan, recognition and management of both common and life-threatening adverse events in sedation practice and sedation pharmacology. This course is designed to provide practitioners with the knowledge, competencies and skills that promote safe and effective high-quality procedural sedation to children.

Objective

The goal of the provider course is to provide practitioners with the knowledge, competencies and tools to promote high quality procedural sedation to children. Upon successful completion of this course, the registrant should be able to:

1. Perform a pre-sedation risk assessment;
2. Describe the effects of sedation on airway control and respiratory drive;
3. Explain the principles of and interpret the information from pulse oximetry and capnography;
4. Define, diagnose and treat adverse airway and cardiopulmonary events during sedation;
5. Demonstrate knowledge of the pharmacology and uses of common sedative drugs;
6. Demonstrate hands-on critical competencies related to sedated pediatric patients including all aspects of airway management, ventilation, resource management, and appropriate use of resuscitative measures; and
7. Develop a systematic and rational approach to pediatric sedation.

Prerequisites

No prerequisites or special background is required for effective participation.

Accreditation for Physicians

This live activity has been planned and implemented in accordance with the Essential Areas and Policies of the Texas Medical Association through the joint sponsorship of Texas Children's Hospital and the Society for Pediatric Sedation. Texas Children's Hospital is accredited by the TMA to provide continuing medical education for physicians.

Credit Designation

Texas Children's Hospital designates this live activity for a maximum of 22.75 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Credits listed above include nine (9) for the SPS Sedation Provider Course[®].

Accreditation for Nurses

Up to 23.34 CNE contact hours available for nurses. Credits listed include nine (9) for the SPS Sedation Provider Course[®].

Texas Children's Hospital is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Pediatric Sedation Research Consortium (PSRC) Meeting

The Pediatric Sedation Research Consortium (PSRC) is an organization of hospitals and universities dedicated to understanding and improving the process of pediatric sedation and sedation outcomes for all children. This organization will have its Annual Meeting on Tuesday, May 21, 2013 at 6:30 p.m. The meeting is aimed at updating members on administrative and research issues specific to the work done in the last year and in the immediate future. No CME credit is associated with this meeting. Individuals who are interested in the work of this organization are invited to attend the meeting.

Hotel Reservation Information

Reservation Deadline: April 18, 2013, 5:00 p.m. CDT

Omni Houston Hotel
Four Riverway
Houston, Texas 77056
Phone: (713) 871-8181
Fax: (713) 871-0719

A special web page has been established for guests of the Society for Pediatric Sedation Conference. Go to <http://www.pedsedation.org/sections/meetings/2013conference/hotel.ihtml> to make your reservation online.

You may also make your hotel reservation by contacting the hotel at 1-800-THE-OMNI.

The SPS group rate is: \$155.00 single/double Rates are exclusive of applicable state and local taxes, currently at 17%.

Houston Area Attraction Information

Additional information is available on the Society's website at <http://www.pedsedation.org/sections/meetings/>.

From the Omni Hotel:

- Texas Children's Hospital: 8.4 miles (16 minutes)
- Children's Museum: 8.4 miles (14 minutes)
- Museum of Natural Science: 16.3 miles
- Houston Visitor's Center: 6.4 miles (12 minutes)
- Discovery Green Park: 8.7 miles (15 minutes)
- Toyota Center: 10.1 miles (15 minutes)
- Galleria Mall: 3 miles (6 minutes)
- NASA-Johnson Space Center: 34 miles (38 minutes)
- Museum of Fine Arts: 8.3 miles (14 minutes)
- Health Museum: 8.7 miles (14 minutes)
- Houston Zoo: 9.27 miles (15 minutes)
- Downtown Aquarium: 7.95 miles (12 minutes)
- George R Brown Convention: 10 miles (15 minutes)
- Jones Hall/Alley Theatre/Wortham Center: 6.2 miles
- Reliant Park: 9.9 miles (15 minutes)
- Galveston Pleasure Pier: 59 miles (65 minutes)

SPS Sedation Provider Course® Program

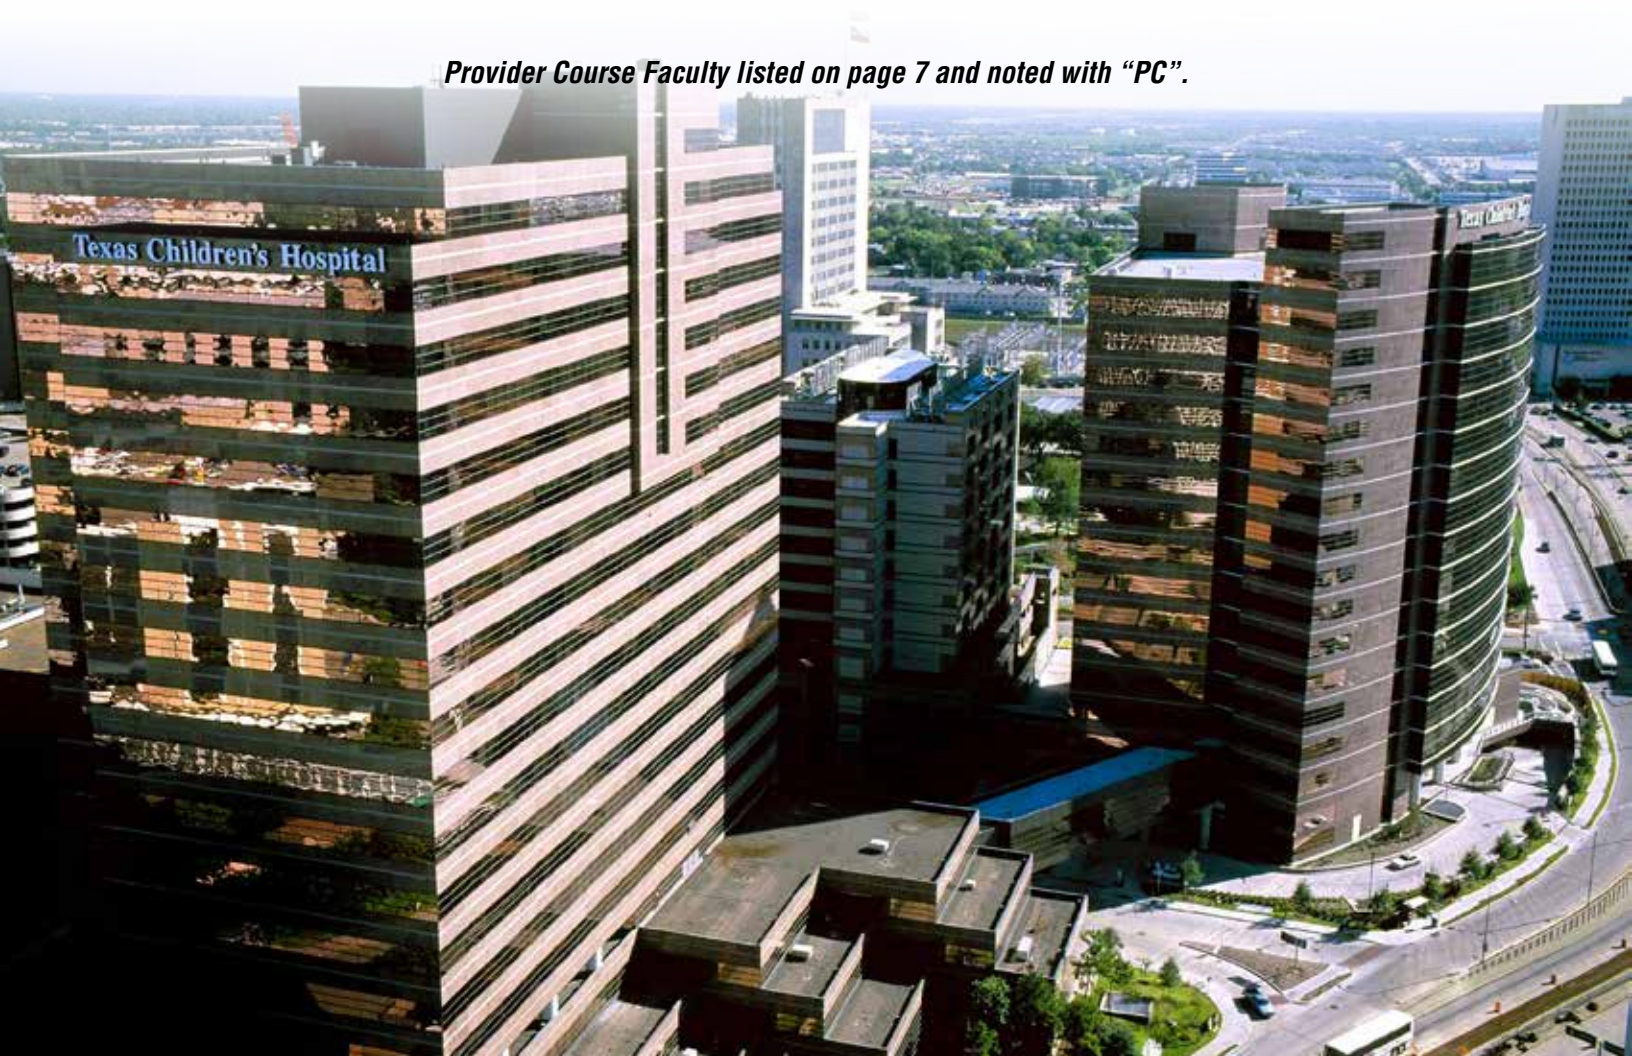

Sunday, May 19, 2013 – SOLD OUT
Wednesday, May 22, 2013 – AVAILABLE!

Texas Children's Hospital Simulation Center

Limited to 24 participants – registration will be accepted on a first-come, first-served basis. See registration form on page 9.

7:00 am-7:30 am	Registration
7:30 am-7:45 am	Welcome and Introduction
7:45 am-8:30 am	Pre-Sedation Phase and Assessment Lecture
8:30 am-9:30 am	Procedural Sedation Phase Lecture
9:30 am-9:45 am	Simulation Session Introduction Lecture
9:45 am-10:00 am	Orientation to the Mannequins
10:00 am-11:30 am	Simulation and Small Group Sessions – Adverse Events
11:30 am-12:15 pm	Lunch
12:15 pm-1:45 pm	Simulation and Small Group Sessions – Monitoring
1:45 pm-2:00 pm	Break
2:00 pm-5:00 pm	Simulation and Small Group Sessions – Tailoring Sedation
5:00 pm-6:00 pm	Testing

Provider Course Faculty listed on page 7 and noted with “PC”.

2013 Society for Pediatric Sedation Conference

New Frontiers: The Future of Pediatric Sedation

SCIENTIFIC PROGRAM

Sunday, May 19, 2013

5:00 pm-7:00 pm	Registration
5:00 pm-8:00 pm	Welcome Reception

Monday, May 20, 2013

7:00 am-8:00 am	Continental Breakfast with Exhibitors
7:00 am-5:00 pm	Registration
8:00 am-8:05 am	Welcome <i>Dean B. Andropoulos, MD, MHCM</i>
8:05 am-8:45 am	Healthcare Reform and What it Means for Your Sedation Service <i>Mr. John R. Nickens IV</i>
8:45 am-9:25 am	Alternative Agents in a World of Medication Shortages <i>Thomas Shaw, MD</i>
9:25 am-9:35 am	Question and Answer
9:35 am-10:05 am	Coffee Break with Exhibitors
10:05 am-10:45 am	State of the Art: The Pediatric Airway and Procedural Sedation <i>Lowell Clark, MD</i>
10:45 am-11:35 am	Top Articles in Pediatric Sedation <i>Joseph Cravero, MD, FAAP</i>
11:35 am-11:45 am	Question and Answer
11:45 am-12:15 pm	Box Lunch in Exhibit Hall
12:15 pm-1:15 pm	Oral Abstract Presentations
1:15 pm-1:25 pm	Break to Change Sessions
1:25 pm-2:15 pm	Breakout Session #1 – <i>Please see page 9</i>
2:15 pm-2:25 pm	Break to Change Sessions
2:25 pm-3:15 pm	Breakout Session #2 – <i>Please see page 9</i>
3:15 pm-3:25 pm	Break to Change Sessions
3:25 pm-4:25 pm	Breakout Session #3 – <i>Please see page 9</i>
4:30 pm-6:00 pm	Reception with Exhibitors
5:00 pm-6:00 pm	Professor Rounds <i>Gregory Hollman, MD; James Hertzog, MD</i>
6:30 pm-9:30 pm	TCH Reception, Dinner, and Tour

Tuesday, May 21, 2013

7:00 am-8:00 am	Continental Breakfast with Exhibitors
7:00 am-5:00 pm	Registration
7:00 am-7:45 am	Breakfast Round Table Discussions – <i>Please see page 9</i> <ul style="list-style-type: none">• Discussion A: Dexmedetomidine – <i>John Berkenbosch, MD</i>• Discussion B: Propofol – <i>Ricardo A. Quinonez, MD</i>
8:00 am-8:40 am	Sedation Disasters and Closed Claims Analysis <i>Nancy L. Glass, MD, MBA, FAAP</i>
8:40 am-9:20 am	The Use of Simulation to Detect Latent Threats to Patient Safety <i>Jennifer Arnold, MD</i>
9:20 am-9:30 am	Question and Answer
9:30 am-10:00 am	Coffee Break with Exhibitors
10:00 am-10:40 am	Sedation Consultant: Linking procedural pain management and procedural sedation <i>Anne Stormorken, MD</i>
10:40 am-11:20 am	Sedation in the Office: Lessons from a Pediatric Dentist <i>Alan Milnes, DDS, PhD</i>
11:20 am-11:30 am	Question & Answer
11:30 am-11:45 am	Break to Change Sessions
11:45 am-1:15 pm	Awards and Keynote lecture: Neurotoxicity and Neuroprotection <i>Dean B. Andropoulos, MD, MHCM</i>
1:15 pm-1:30 pm	Break to Change Sessions
1:30 pm-2:20 pm	Breakout Session #4 – <i>Please see page 9</i>
2:20 pm-2:30 pm	Break to Change Sessions
2:30 pm-3:20 pm	Breakout Session #5 – <i>Please see page 9</i>
3:20 pm-3:30 pm	Break to Change Sessions
3:30 pm-4:30 pm	Breakout Sessions #6 – <i>Please see page 9</i>
5:00 pm-8:00 pm	SPS Committee Meetings

The Society for Pediatric Sedation™ has fully complied with the legal requirements of the ADA and the rules and regulations thereof. If any participant in this educational activity is in need of accommodations, please contact SPS at (804) 565-6354 by April 29, 2013 in order to receive service.

Roundtable and Breakout Listing

Breakfast Round Table Discussions • Tuesday, May 21, 2013 • 7:00-7:45 am • *Registration limited to 25 participants*

Choose one: Discussion A: Dexmedetomidine, *John Berkenbosch, MD* Discussion B: Propofol, *Ricardo A. Quinonez, MD*

Breakout Sessions • Please choose first, second and third choice for each session.

Breakout Session #1 • Monday, May 20, 2013 • 1:25 pm-2:15 pm	
1 • 2 • 3	1-A Integrative Medicine: Integrating integrative medicine into your sedation practice, <i>Ana Maria Verissimo, MD</i>
1 • 2 • 3	1-B Developing a Sedation Business Plan, <i>Ricardo A. Quinonez, MD; Michael Turmelle, MD</i>
1 • 2 • 3	1-C Expanding the Role of Sedation Nurses, <i>Flora Enaje, RN, BSN; Lisa Takacs, RN</i>
1 • 2 • 3	1-D Going Mobile, <i>Roxanne Vara, RN; Chris Deegear, RN; Amber Rogers, MD</i>
1 • 2 • 3	1-E EGD Controversy: Is it time to take out the tube? An evidence-based review of sedation for EGD, <i>Cheryl K. Gooden, MD</i>
Breakout Session #2 • Monday, May 20, 2013 • 2:25 pm-3:15 pm	
1 • 2 • 3	2-A Integrative Medicine: Integrating integrative medicine into your sedation practice, <i>Ana Maria Verissimo, MD</i>
1 • 2 • 3	2-B Developing a Sedation Business Plan, <i>Ricardo A. Quinonez, MD; Michael Turmelle, MD</i>
1 • 2 • 3	2-C Is there an app for that? The How's and Why's to Increase Patient Coping, <i>Diane Kaulen, CCLS; Heloisa Annunciacao, CCLS</i>
1 • 2 • 3	2-D (W) Airway Workshop, <i>Laura Torres, MD; Lowell Clark, MD</i>
1 • 2 • 3	2-E Sedation considerations in cardiac patients presenting for non-cardiac procedures, <i>Emad Mossad, MD</i>
Breakout Session #3 • Monday, May 20, 2013 • 3:25 pm-4:15 pm	
1 • 2 • 3	3-A (W) The Use of Hypnosis to Facilitate Pediatric Procedures, <i>Ana Maria Verissimo, MD</i>
1 • 2 • 3	3-B Sedation in the Palliative Care Patient, <i>Noreen Crain, MD</i>
1 • 2 • 3	3-C (W) Beyond Band-aids: Child Friendly Tools to Make Your Job Easier, <i>Kari Lown, CCLS; Lindsay Hoogner, MA, CCLS; Saraben Turner, CCLS</i>
1 • 2 • 3	3-D (W) Airway Workshop, <i>Laura Torres, MD; Lowell Clark, MD</i>
1 • 2 • 3	3-E (I) Interesting Cases, <i>Moderator: Joseph Cravero, MD; Panel: Gregory Hollman, MD; Patricia Scherrer, MD; J. Michael Connors, MD</i>
Breakout Session #4 • Tuesday, May 21, 2013 • 1:30 pm-2:20 pm	
1 • 2 • 3	4-A (I) Practical Clinical Applications of Nitrous Oxide, <i>Moderator: Patricia Scherrer, MD; Panel: Judy Zier, MD; MaryKay Ferrell, RN; Alan Milnes, DDS; Susanne Kost, MD; Daniel Sedillo, MD; Sam Zuckerman, MD</i>
1 • 2 • 3	4-B The Evolving Role of the Hospital Medicine Pediatrician, <i>Ricardo A. Quinonez, MD; Micheal Turmelle, MD</i>
1 • 2 • 3	4-C Round Table Discussion: Sedation nurse management, <i>Deborah LaViolette, RN; Flora Enaje, RN, BSN</i>
1 • 2 • 3	4-D (W) Simulation Workshop: Developing and Conducting Sedation-based Simulations, <i>Aaron Calhoun, MD; Corrie Chumpitazi, MD; Jennifer Arnold, MD</i>
1 • 2 • 3	4-E Becoming the Proceduralist, <i>Jose Cortes, MD</i>
Breakout Session #5 • Tuesday, May 21, 2013 • 2:30 pm-3:20 pm	
1 • 2 • 3	5-A (I) Practical Clinical Applications of Nitrous Oxide, <i>Moderator: Patricia Scherrer, MD; Panel: Judy Zier, MD; MaryKay Ferrell, RN; Alan Milnes, DDS; Susanne Kost, MD; Daniel Sedillo, MD; Sam Zuckerman, MD</i>
1 • 2 • 3	5-B (W) Simulation Workshop: Developing and Conducting Sedation-based Simulations, <i>Aaron Calhoun, MD; Corrie Chumpitazi, MD; Jennifer Arnold, MD</i>
1 • 2 • 3	5-C First Contact: The Prescreening Phone Call, <i>Valerie Houser, RN, BSN; Deborah LaViolette, RN</i>
1 • 2 • 3	5-D (W) Mixing & Matching: Ketofol and other useful drug combinations, <i>Amber Rogers, MD; Laura Torres, MD; Ricardo Quinonez, MD; Jason Reynolds, MD</i>
1 • 2 • 3	5-E Top 10 Tips to Building a Procedure Service, <i>J. Michael Connors, MD</i>
Breakout Session #6 • Tuesday, May 21, 2013 • 3:30 pm-4:20 pm	
1 • 2 • 3	6-A (W) The Use of Hypnosis to Facilitate Pediatric Procedures, <i>Ana Maria Verissimo, MD</i>
1 • 2 • 3	6-B Expanding the Role of Sedation Nurses, <i>Flora Enaje, RN, BSN; Lisa Takacs, RN</i>
1 • 2 • 3	6-C First Contact: The Prescreening Phone Call, <i>Valerie Houser, RN, BSN; Deborah LaViolette, RN</i>
1 • 2 • 3	6-D (W) Mixing & Matching: Ketofol and other useful drug combinations, <i>Amber Rogers, MD; Laura Torres, MD; Ricardo Quinonez, MD; Jason Reynolds, MD</i>
1 • 2 • 3	6-E (I) Controversies in Critical Care Sedation, <i>Kevin Roy, MD</i>

Didactic Sessions: All didactic sessions will provide a presentation on specialized topics in a smaller group format.

Workshops (W): These sessions are designed to provide a hands-on experience to allow participants to develop or improve upon existing clinical skills.

10 Interactive Sessions (I): = These sessions will allow participants the opportunity to interact with each other and the presenter.
